APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Dat	e of filing in State Engineer's Office
Ret	urned to applicant for correction
	rected application filed
Ma	p filed MAY 18 1990
	The applicant Michael Smoody
	6600 Painted Desert Drive , of Las Vegas , Street and No. or P.O. Box No. City or Town
	Nevada 89108 , hereby make Sapplication for permission to appropriate the public State and Zip Code No.
wate	ers of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a
copa	artnership or association, give names of members.)
1.	The source of the proposed appropriation is Las Vegas Artesian Basin (underground) Name of stream, lake, spring, underground or other source
••	Name of stream, lake, spring, underground or other source
2	The amount of water applied for is
	One second-foot equals 448.83 gals. per min. (a) If stored in reservoir give number of acre-feet.
2	
	The water to be used for <u>Domestic and Quasi-Municipal 3 homes</u> Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.
4.	If use is for: (a) Irrigation, state number of acres to be irrigated
	(b) Stockwater, state number and kinds of animals to be watered
	(c) Other use (describe fully under "No. 12. Remarks")
	(d) Power:
	(1) Horsepower developed
	(2) Point of return of water to stream
5 .	The water is to be diverted from its source at the following point SW4SW4 Section 30 T19S, R60E MDB&M Describe as being within a 40-acre subdivision of public
	or at a point from which the SW corner of Section 30 Bears South 2° 37' 48" West survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.
	a distance of 1017.63 feet.
6.	Place of use a portion of the SWASWA Section 30 T19S. R60E MDB&M Describe by legal subdivision. If on unsurveyed land, it should be so stated.

7.	Use will begin about January 1 and end about December 31, of each year. Month and Day Month and Day
	Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and
•	specifications of your diversion or storage works.) 600 feet of well casing 8 inches in diameter equipped with a 5hp electric submersable state manner in which water is to be diverted, i.e. diversion structure, ditches and
	equipped with a 5hp electric submersable pump and a 5hp booster pump as well as above ground storage. flümes, drilled well with pump and motor, etc.
9.	Estimated cost of works \$ 23,000_00

	Estimated time required to construct works	If well completed, de	.,,
11.	Estimated time required to complete the ap	pplication of water to beneficial use	3 years
	Remarks: For use other than irrigation o consumptive use.	or stock watering, state number and typ	e of units to be served or annual
